About Cransley Hospice Trust...

The Trust is based in Kettering and serves the community around North Northamptonshire. We work closely with the NHS and Cynthia Spencer Hospice Charity to commission end of life care and services across Northamptonshire.

We fundraise to support the current portfolio of services provided in Cransley Hospice, the Hospice at Home service and the Lymphoedema service. We also provided spiritual and emotional care and support to patients and their families across the area. Additionally, we work on developing new services to support patients, their families and carers.

We currently raise over £1 million a year through our fundraising. We have an ambition to increase this to £2 million a year.
